

Kuppi Reddy Sai Prasanna

+91-8639271627 | kuppireddyprasanna2004@gmail.com | Nagaram, Telangana, India

Education

Vignana Bharathi Institute of Technology Hyderabad, India

Bachelor of Technology in Electronics and Communication Engineering | CGPA: 7.4/10 Aug 2022 – May 2026

- Relevant Coursework: Digital Logic Design, Embedded Systems, IoT

Narayana Junior College Telangana, India

Intermediate (MPC) - 94%

Jun 2020 – May 2022

SR Digi School Telangana, India

Secondary School Certificate (SSC) - 10/10 GPA

Jun 2019 – May 2020

Technical Skills

Programming Languages: C, C++ (Basic), Embedded C, Verilog (Basic)

Technologies & Frameworks: Arduino, Raspberry Pi, IoT Protocols(Basic)

Hardware & Tools: IR Sensors, Motor Controllers, Sensor Interfacing, Circuit Design

Core Competencies: Embedded Systems Design (Basics), Problem Solving, System Integration

Projects

Smart Shopping Trolley System | IoT, Arduino, AI Algorithms

- Led a 3-person team to design an IoT-enabled smart trolley system reducing checkout time by 60%.
- Implemented recommendation logic achieving 75% product suggestion accuracy.
- Developed RFID-based product detection and real-time weight sensing system.
- Coordinated project timelines and ensured successful on-time completion.

Autonomous Line Follower Robot | Arduino, Embedded C, IR Sensors

- Designed and programmed an autonomous robot with 95% path detection accuracy.
- Optimized embedded C control logic reducing latency by 40%.
- Led hardware integration and debugging with modular code architecture.

Certifications

- CLA - Programming Essentials in C - Cisco Networking Academy
- The Complete Python Course - Onwingspan

Leadership & Activities

- Project Team Leader - Successfully led 2 major technical projects from conception to deployment.
- Organizing Events - Coordinated technical and academic events to improve participation and collaboration.
